

QUALITY POLICY

The top management and employees of BLUEEDGE HYDRAULICS understand that total customer satisfaction is the fundamental principle for business success and company evolution. Therefore, we adopt the following policy:

- Strive for excellence in services through continuous improvement of quality management system processes, aiming to satisfy customers and stakeholders. We aim to be the preferred choice for maintenance, repair, and sales of hydraulic and mechanical parts, machines, and equipment in the Oil and Gas market.
- Comply with regulatory requirements deemed necessary for proper QMS performance.
- Develop employee capabilities to enhance processes and productivity, emphasizing quality, health, environment, and safety awareness. We promote a culture of knowledge sharing and formalization.
- Select and evaluate suppliers and service providers, expecting behavior consistent with the principles outlined in this policy.
